PHOTO © BY AMERICAN PRESS ASSOCIATION

### AIR BATTLE WITH A ZEPPELIN

This remarkable picture, which has special timeliness now in view of the recent reports of the destruction of Zeppelins, was brought to the United States by a courier, thus escaping censorship. The photograph was taken in London by Arthur C. Mayer. In the upper corner at the right is seen Captain Hester Weston of the British aviation corps maneuvering in an aeroplane to drop bombs on the German flier passing through the clouds. The Zeppelin, however, escaped with little or no damage after dropping several bombs. The aeroplane chased her enemy for miles, firing often in the attempt to bring down the big gas bag.

## Democratic State Convention To Be Held At Ogden

Committee Is Named to Set Date  
and to Select Temporary  
Organization

Salt Lake, May 20.—The Democratic state convention to nominate candidates for governor and other state offices, will be held in Ogden according to a decision reached at a meeting of the Democratic state executive committee held at the Hotel Utah. The time for holding the convention was not fixed. That was left to State Chairman S. R. Thurman and a committee which he will select. Judge Thurman said he had no idea, as yet, when the convention would be held.

"There is talk," he said, "of holding the convention as early as the first week in July. Others favor the latter part of July. We may not hold it until early in September."

At the meeting Salt Lake was favored as the place for holding the state convention as being the most accessible place to all the counties. The vote of the committee, however, was in favor of Ogden, because the Ogden Democrats desired it and the party leaders considered this a good way of encouraging the Weber county workers.

Chairman Thurman and his conferees who fix the date for the state convention will also select the temporary organization.

No arrangements have been made for the congressional district conventions, to nominate candidates, for Congress. It is likely, however, that the first congressional district convention will be held immediately following the state convention, because Ogden is in the first district and delegates from all counties in the district will be in attendance at the state convention. The second congressional district will be held later as there are only four counties in this district and they are compactly situated comprising Salt Lake, Tooele, Utah and Davis counties.

### PRISON HAS BALL TEAM

Bellefonte, Pa., May 20.—The warden of Rockview penitentiary deposited 32,000 tobacco coupons in a stamp store here the other evening and took as premiums baseball outfits. The coupons represented the savings of the convicts.

The prisoners are all allowed so much tobacco a week, and they all smoke a kind which encloses a coupon. The coupons are all deposited in a large box counted and tied in packages of 100, then exchanged for baseball supplies. At the Rockview penitentiary there is a splendid baseball diamond with grandstand and bleachers and up until this year the prisoners have had two good ball teams, but owing to the increase of prisoners at the new pen, four teams have been organized and a regular league is formed and it is for the equipment of these and the upkeep that the prisoners save their tobacco coupons and exchange them for ball outfits.

White Plains, N. Y., May 20.—Theodore L. Earle, son of Ellis Potter Earle, a wealthy manufacturer, has brought suit for \$50,000 damages against F. Youldon Cowles, charging him with stealing his wife's love.

Dances at the seventh regiment armory, visits to moving picture theaters, and motor trips are mentioned by the young husband in his complaint. When Earle told his wife a few weeks ago he would take her to Brewster to live so that she would be away from Cowles, she started a suit for separation.

The alienation action is a sequel to her demand for separation.

## WORDS FROM HOME

Statements That May Be Investigated. Testimony of Logan Citizens.

When a Logan citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Logan resident. No stronger proof of merit can be had.

T. B. Davis, prop., of Depot store, 22 South Sixth West street, Logan, says: "I had pains in my back and extreme lameness across the loins. Some times I could hardly get up or down from a chair and it was difficult to get about the store. I was also annoyed by the irregular action of the kidneys, felt languid and had no energy. Doan's Kidney Pills procured at Riter Bros. Drug store, gave me positive relief after other medicines had failed. I was surprised at their prompt and lasting effect."

OVER FIVE YEARS LATER, Mr. Davis said: "I use Doan's Kidney Pills occasionally and always get good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

At the Seattle house she with Mary Kackery, another Indian, and Barney Daniel, Indian rancher of Rockford, had just started on a jam-boree when Patrolman Senseny interrupted.

### EARLY MARRIAGE CHEATS LIFE

"I am inclined to believe," says a successful business man in the Woman's Home Companion, "that the boy and girl who marry too early cheat their lives of a very happy period to which every human being is entitled."

"We live only once; every period of life is good, and should be enjoyed to the utmost. We have a right to a care free childhood, and a happy school life. And, in the normal life, there should follow a period between school days and marriage—a span of three or four years—when life is very free and full, devoid of the problems and cares of maturer years. That period in my own life was one of the happiest."

"Marriage sobers a man; it loads his share of the world's burden on his back. He has a right to a little day of freedom between his school days and his marriage, a period when he is his own boss, paying his own way in the world, but without the responsibilities of later life."

### FLIRT GETS CHEMICAL BATH

Albany, N. Y., May 17.—Miss Hortense Colby of Piermont, when followed by a masher, entered the home of Mrs. Jeannette Patton to give him the slip. Before she departed Mrs. Patton let her take a small fire extinguisher charged with a fluid chemical.

As Miss Colby walked near a signboard the flirt sprang out and seizing her around the waist, kissed her.

Freeing herself from his grasp, she took aim with the extinguisher and drenched him with the contents. The masher fled.

### MARRIED FIVE TIMES

West Plains, Mo., May 20.—Calvin Russell, who admits he has been married five times, was found guilty here on a charge of bigamy and sentenced to the state penitentiary for two years.

He has been released on \$750 bond pending the hearing of a motion asking a new trial.

Russell's arrest followed his marriage to Mrs. Hattie Orr, widow of Dr. David Orr, a physician at Mountain View, Mo. The marriage occurred ten days after Dr. Orr's death. Both declared it was Dr. Orr's dying request that they marry owing to their attentiveness to him during his long illness.

Prosecutor Bess began an investigation of Russell's matrimonial ventures, but Russell and his bride went to St. Louis before he could be arrested. He was taken in custody as he stepped from a train there. The state claimed that Russell had never been divorced from at least two of his wives.

### WIDOW'S DREAM LOCATES WILL; SHE GETS ESTATE

Lagonier, Pa., May 20.—Through the medium of a dream, Mrs. Henry W. Ware, widow of the postmaster in Williams near here, who was believed to have died intestate, found the will left by him.

When a thorough search failed to disclose a will following Mr. Ware's death recently, preparations were made to appoint an administrator and appraise the estate. Before this step had been taken, however Mrs. Ware had a realistic dream in which she saw her husband's will in her old home in Hyndman.

Convinced she would find the will Mrs. Ware went there and discovered the document among old papers. The witnesses had forgotten the will's existence, but they recognized their signatures. The will leaves the entire estate to Mrs. Ware.
